

# Nuts n Bolts

## Africa Tabernacle Evangelism

A Ministry of Assemblies of God World Missions - Africa

March 2011

According to the World Bank, the average life expectancy in the United States is 78.4 years or approximately 28,579 days. Of those days, it could be argued that around 21,000 of those days would be during adulthood.

**ONE DAY**

As a Christian, it is important that we make every one of our days on this earth count. That could be done in so many ways, such as through spending times of refreshing with God, or being a witness for Him, or serving in the community showing Christ's love, or working in order to give.

In Africa, there is a great need by local congregations to have a permanent church building of their own where they can go and worship. In the past, many different options have been used as places of worship: under

trees, in temporary mud structures, in a home, in a rented classroom, or just out in the open. Though these are options, they should only be considered temporary.

At Africa Tabernacle Evangelism, we are trying to make a difference with the 20,000 + churches across Africa that need a building. But we cannot do it without you. So we are asking you to give ONE day to help a church in Africa. That ONE day could happen in different ways. Some suggestions are to give ONE day to pray, ONE day to go, or ONE day to give. Would you give ONE meal? ONE coffee? ONE tank of gas? ONE...?

If you will give ONE, a congregation in Africa can have ONE place to worship God! - Bill Moore, Director

## MADAGASCAR SENDS A BIG THANK YOU TO RECENT DONORS

Several months ago, we were able to send a container full of tabernacles to the island country of Madagascar. Missionary team leader, Nate Lashaway, sends ongoing reports as the tabernacles are being erected. He reports that the churches are being erected with 100% Malagasy labor, and the lion's share of the work is being done by the church members.

The picture on the right is at the coastal village of Vangiandrano where the church has met many years under a bamboo and straw shed. Now they have a tabernacle of their own! They wish to thank you for providing an answer that will minister to many people for many years ahead.

First Service at Vangiandrano Village
