

# Nuts n Bolts

## Africa Tabernacle Evangelism

A Ministry of Assemblies of God World Missions - Africa

July 2011

The Long African Day Coalition is a group of people who love Africa and want to do something to change it in a positive way. It is comprised of ministries, Africa Tabernacle Evangelism being one, pastors, laymen, and missionaries. Additionally, churches, businesses, and other organizations can become a part.

There are multiple ways of being involved: by praying, by going, and by giving. This group of people will receive special updates, be invited to Coalition events, and so much more. If you are interested in becoming one of our "fellow travelers", please contact us for more information or or check us out at [TheLongAfricanDay.com](http://TheLongAfricanDay.com). - Bill Moore, Director

## WANTED: YOU!

We constantly need teams and team members to give and go to Africa to erect churches and schools. There is one main qualification . . . that you are breathing! So if you are breathing, you are a candidate to go to Africa to build. There are a few other requirements, but they are pretty minimal. Some time back, we had three generations on a missions trip. A mom, her daughter, and her granddaughter! And the grand daughter was about 20 years old at the time, so she was not just a young girl. All worked and did well. If three generations can do it, so can you! If you are interested in joining us on a trip, please contact us . . . because we NEED you!

Trade simple skills for a life-changing moment for yourself and others.

## RESPONSE TO ONE DAY CAMPAIGN

To give ONE DAY of yourself towards Africa involves a small sacrifice. Of the responses from the last Nuts'n Bolts newsletter, our readers considered things they could give up and send in as an offering for ATE and the ministry of building. These offerings are used to build tabernacles for needy congregations in Africa. Through the letters we received, many have found ONE DAY's challenge to be fun. Our favorite example was an offering equaling a full tank of gas that would carry this donor's family throughout the week. This love for Christ will be multiplied and produce many souls in the years ahead.

## THE NUTS N BOLTS OF IT

Many times, an individual, not directly involved in the day to day operations of something, does not understand everything about it. I am guessing the same applies to ATE.

We regularly send out containers of materials to build tabernacles in Africa and containers do not load themselves. We recently loaded, in 3 hours, approximately 47,000 pounds of metal to go to Africa. Yes, we had the help of a forklift, but much of the loading had to be done by hand. And even before that, every piece had to be fabricated, cut, welded, drilled, etc. just so we could get it into one container so someone will hear the gospel. Thank you for doing your part so these containers can ship. Please keep up the momentum; the need is great.

**YES!** I want to help provide tabernacles for Africa.  
Here is my gift of \$\_\_\_\_\_.

Or I will give the worth of ONE DAY of \_\_\_\_\_.
