## Africa Tabernacle Evangelism

*A Ministry of Assemblies of God World Missions*

### Mozambique

In Mozambique a great opportunity has been given to us to partner with their national church to erect 25 churches. Matching funds are in place for us to send partial tabernacle kits overseas, with the rest of the materials being purchased on-site. The main truss systems will be paid for, but we need partners to help purchase the roofing and purlins. Because other donors have already financed a portion of these tabernacles, you can complete a church structure for a truly needy congregation for only \$3500, or just under half the normal cost.

“At a glance, it just looks like us and a group of folks under a tree.... The significance is that this tree is their ‘church,’ and there are 250 people that attend each Sunday... Imagine that! This was just the handful [who] came out to welcome us on a midweek afternoon, singing as we drove up—[plus] a truly sacrificial meal they had lovingly prepared for us—in hopes that one day they will use the tree for something other than a church.” —Lance and Mindy Hines (Mozambique)

### Tanzania

The Tanzania project continues to move forward as more church-planting training schools are being erected. In fact, at the time of writing, three containers just cleared customs, one is about to reach Dar es Salaam, and another is being prepared for shipping.

### ATE Information

- 2549 tabernacles to date
- \$6,639,216.70 invested in African churches

Established in 1991, Africa Tabernacle Evangelism (ATE) brings together U.S. churches, Assemblies of God World Missions, and national churches in Africa

for the purpose of building tabernacles. U.S. churches and individuals provide funds for the steel structures and sometimes help with construction. ATE coordinates with national churches on proposed building sites and arranges the manufacturing and delivery of structural elements. The national church provides manpower for setup and finishes the details of the structure to their desire. These 35- by 45-foot structures can be increased in width or length and will seat 250 to 300

people. The average cost per tabernacle is \$7500, including manufacturing and shipping.

# Liberia

We have been helping the Liberia church reestablish itself after many years of war. Through our partnership, the Owensgrove Bible School has been completed, and the Pleebo Bible School is nearing completion. Also, two elementary schools and many churches have been erected. However, just last week one additional container arrived in Liberia, and we were surprised with over \$11,000 in import duties that we've never had to pay before! Please pray this will not happen again. It ruins our budgeting process, plus wastes God's money—money that could have been used to purchase more tabernacles!

## From the Director

Africa Tabernacle Evangelism appreciates every partner we have—both at home and abroad. We have not had the joy of speaking with many of you directly, but I want to express how much we appreciate you and your partnership. Over the next few months we will be trying to contact you by phone in order to express our heartfelt thanks and to find out your level of interest in Tabernacle Evangelism. We will need to research many phone numbers, so if you don't mind providing us your number, please send an e-mail to [tabernacles@ahpac.org](mailto:tabernacles@ahpac.org) with that information. We look forward to visiting with you and listening to your input and feedback concerning this ministry.

Thank you for your support; we love and appreciate you!
