## Africa Tabernacle Evangelism

*A Ministry of Assemblies of God World Missions*

### ATE Information

- 2709 tabernacles to date
- \$7,122,084.70 invested in African churches

Established in 1991, Africa Tabernacle Evangelism (ATE) brings together U.S. churches, Assemblies of God World

Missions, and national churches in Africa for the purpose of building tabernacles. Churches and individuals in the U.S. provide funds for the steel structures and sometimes help with construction. ATE coordinates with missionaries and national churches on proposed building sites and arranges the manufacturing and delivery of structural elements. The national church assists with manpower for setup and finishes the details of the structure as they desire. These 35 by 45 foot structures can be increased in width or length and will seat 250 to 300 people. The average cost per tabernacle is \$7500, including manufacturing and shipping.

### Mozambique

Recently we sent a container of 20 tabernacles to Mozambique, and after Thanksgiving we will go there to conduct training as well as to erect four of these buildings. ATE has not put up any tabernacles there yet, but the need is huge (probably for several thousand), so these 20 are a start. Also, we were able to ship that many because we sent four tabernacles that were complete, and others just needed roofing and purlins. We hope to buy those last two items locally for about \$4000, and to do this we will need partners to help with the cost. Can you or your church contribute toward finishing this project?

### Uganda

In the next few months we will travel to Uganda to explore the best way to partner with the national church. In the past we built locally, so we need to see if this is still feasible in Uganda. Pray for us as we go that God will give us guidance and divine favor so we can reach out to this wonderful nation.

### Madagascar

We recently partnered with the team in Madagascar and a team from Harvest Assembly of God in Oklahoma City to send a container of tabernacles to build churches and enlarge the Bible school in Madagascar. We erected a total of five tabernacles and plan five more to be erected soon. Thanks to our partners, we are able to assist believers so they can more effectively spread the gospel. These tabernacles help make dreams come true.

**YES!** I want to help provide tabernacles for Africa.  
Here is my gift of \$ \_\_\_\_\_.
